

Better Business — Smarter Decisions — Faster Execution:

## OPEN BPM

Don't miss the most comprehensive event for BPM professionals.

As the recognized leader in BPM, IDS Scheer is bringing business leaders, decision makers, industry experts and ARIS users from around the world together at ARIS ProcessWorld. Network with thought leaders and subject matter experts on strategies and approaches for Enterprise BPM, SOA, Enterprise Architecture, Governance, Risk and Compliance, and Process Intelligence and Performance Management. Learn from real-world projects through case studies and in-depth workshops. Discover the latest ARIS products and solution developments at the ARIS UserDays.

Better Business — Smarter Decisions — Faster Execution:

## OPEN BPM

Attend the leading BPM event and learn more about **Open Business Process Management**.

Business and research experts, executives and decision-makers from around the world will meet at **ARIS ProcessWorld in Orlando** February 13-15, 2008 to share their experiences with the latest business process initiatives, such as **Enterprise BPM, Enterprise Architecture (EA), Business Driven SOA, and Governance, Risk & Compliance Management**. Discuss successful real-life project examples and learn how to address future challenges.

Discover the latest developments in ARIS solutions live during hands-on workshops at **ARIS UserDay '08 on February 13**.

Don't miss this opportunity to reach the next level of Business Process Excellence – **Register** now and **save \$300!**

**Hear what attendees say** about ARIS ProcessWorld & UserDay at last year's event Website.

## EARLY BIRD PRICING NOW AVAILABLE!

**Save \$300 — Register by December 31!**

Don't miss the most comprehensive event for BPM professionals.
